

## Course progression map for 2017 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the [Handbook](#).

### **S2000 Bachelor of Science**

The placement of units may be rearranged to provide flexibility in choice of elective units and to support sequencing for double degree courses but care should be taken to ensure sequenced units with prerequisite requirements are maintained in sequence.

YEAR 1 Semester 1	Science major Approved level 1 sequence 1	Approved level 1 sequence 2	One of: SCI1020, STA1010, MTH1020, MTH1030 (Or level 1 science unit if already taken as part of another level 1 approved sequence) (Can be taken in either semester one or two)	Elective
YEAR 1 Semester 2	Science major Approved level 1 sequence 1	Approved level 1 sequence 2	Science unit level 1	Elective
YEAR 2 Semester 1	Science major level 2	Science unit level 2 or 3	SCI2010/SCI2015 (Can be taken in either semester one or two)	Elective
YEAR 2 Semester 2	Science major level 2	Science unit level 2 or 3	Science unit level 2 or 3	Elective
YEAR 3 Semester 1	Science major level 3	Science major level 3	Elective	Elective
YEAR 3 Semester 2	Science major level 3	Science major level 3	Elective	Elective

A	Science specified study
B	Science listed major
C	Free elective study
