

Course progression map for 2019 commencing students

This progression map provides advice on the suitable sequencing of units and guidance on how to plan unit enrolment for each semester of study. It does not substitute for the list of required units as described in the course 'Requirements' section of the Handbook.

M6010 Master of Clinical Embryology

Full-time study

Year 1 Semester 1	MCE5100 Biology of reproduction	MCE5105 Theory: ART laboratory processes (andrology)	MCE5103 Theory: ART laboratory processes (embryology)	MCE5101 Infertility treatment strategies	MCE5112 Practical: ART laboratory processes (embryology/andrology) (12 points)
Year 1 Semester 2	MCE5200 ART laboratory operations and management	MCE5212 Genetic testing in ART	MCE5213 Ethics and regulation in ART	MCE5205 Research in ART (designing and applying)	MCE5201 Practical: ART laboratory processes (advanced embryology) (12 points)

Core units – 72 points
